#AIDS2016

Alliance for Public Health (Ukraine) is implementing one of the biggest key populations response programs that reversed the pace of HIV epidemic in Ukraine. Its experience informed the development of a number of EECA programs as well as responses to drug use driven epidemics in East Africa and Asia. We will be sharing our experiences during AIDS 2016: oral presentations, workshops, poster presentations, 2 booths will be ran during the conference:

Saturday, July 16

11:30 - 13:00. Oral Presentation**:** Leaving No One Behind - Prioritizing Key Populations. (Pavlo Smyrnov)

Place: International Conference Center (PEPFAR, pre-meeting).

Tuesday, July 19

12:30 - 14:30. Poster presentation: Economic analysis of effectiveness of investments in HIV prevention services among key population groups in Ukraine (Tetyana Salyuk)

Place*: Poster Exhibition area, First Level (by the Arena Entrance)*

14:00 – 15:00. Oral presentation followed by moderated discussion: Harm Reduction Academy learning course: How to learn the decades of experience in harm reduction in 3 weeks? (Tetyana Deshko**)**
